

Resource Centre

Welcome to COS's new Sensory
Loss Equipment and Resource
Centre

We have over 20 years of
experience of supporting people living
with a sensory loss.

Our qualified centre staff can support you
by demonstrating and advising on what equipment is best for you.

The new purpose built Equipment Resource Centre is the only one
of its kind here in North Wales.

We stock only the best of equipment from suppliers with whom we
have a long and trusted relationship.

**Opening Hours
and
Booking information**

Monday and Wednesday

10am—1pm	Pre-booked Appointments
2pm—4.30pm	Drop-in no appointment required

The Resource Centre has in stock a number of visual and amplified alerting items including:

- Portable Doorbells**
- Telephone Ringers**
- Combined Telephone Ringer/Doorbells**
- Person to Person (Carer Alerters)**
- Alarm clocks**
- Pager systems**

There are numerous amplified telephones on the market both corded and cordless and it is important that people purchase the right telephone specific to their own individual needs

We are associated with and provide a

'Try before you Buy'

service with British Telecom, stocking a number of BT telephones you can try and buy.

For more information, please contact us on

Telephone: 01492 530013

or email us at: info@signsightsound.org.uk
