

Monthly Meeting: Tuesday 26th September at 2pm

LOCAL HILL FORTS

Our speaker, Maggie Davidson, has a diploma in Archaeology and has taken part in a number of archaeological excavations and other investigations in the UK and Bolivia.

There are a number of iron age hill forts within a 10-mile radius of Seaton, including Lambert's Castle, Musbury Castle and Blackberry Camp. Slightly further afield there are the larger and more imposing structures of Maiden Castle, Woodbury Castle and Hambledon Hill.

This talk will examine how the different types of archaeological investigations and analysis of finds have informed, and in some cases, transformed, our understanding of the purpose, construction and use of these sites.

Organised by the Programme and Publicity Team

COMMITTEE STUFF

Message from the Chair:

I hope to see as many of you as possible at our Open Day on 23rd September, I think it's going to be a happy morning. We will have music, tea/coffee and nibbles with all the Groups represented. It would be great to meet any members I have not yet met so pop around between 10am and 12noon and say hello. Also, bring your friends so they can see what a great time we have.

A big thank you to all those who have made this day possible putting in a great deal of time and effort.
Val Nightingale, Chair

Christmas Lunch

Just a reminder – If you want to come to the Christmas lunch, a £10 deposit will be needed along with your menu choice. Deposits and details will be collected at the meeting on Tuesday 26th.

GROUP STUFF

Open Morning

All the groups will be represented at our Open Morning on Saturday 23rd September at The Gateway.

All have worked hard to make sure it's a success – please come and see us between 10.00 and 12.00 – and bring your friends!
