- Andy Jennings, who runs the Plant Centre, will give small group (12-15) tours around the plant/garden centre area and 'behind the scenes' in the green houses.
- The Café has been reserved for a cuppa and cake before or after your tour.
- This will be a good time to buy plants as well as to see any displays that are being created for Chelsea Show (but funding for Show for 2024 has not been agreed)
- The Gardening Committee will provide everyone driving and parking instructions in advance.
