

The walking group from Silhill U3A enjoyed a 6 mile ramble from the Wilson's Arms in Knowle, along the canal and across fields to Barston church with a return via a different route, finishing through Knowle churchyard and back to the Wilson's Arms for a well-deserved meal. Along the way we found a stile with a surprising sign on it and a nicely framed piece of countryside. Difficult to believe an urban environment is not far away. Thanks to Susan and Alison for a splendid walk.
