

SE u3a Forum Summer School
Monday 2nd – Thursday 5th September 2024
University of Chichester

Demystifying Science

Maximum 12

Each day we will journey through this Science mind map, highlighting original ideas bringing these into the modern world context, answering those questions you were afraid to ask at school.

Technology that allows us to have:

- a modern society
- semiconductors
- packaging.
- Analogue and digital worlds - the internet and how it works.

Are computers like humans and AI, should we be scared? Mobile phones this super computer how it works.

Transportation from early beginnings to the modern EV and will it save the world.

I hope this excites people to come along and discover more.

Summer School Course – 2024

We will create a science mind map and note those questions you have always wanted answered.

We will journey from:

- atoms
- the Big Bang
- creation of the elements - periodic table
- material usage in the modern world.

Transport impact on global warming - is it real? Shipping, aircraft, who knows!

Take a look at the universe and the machines which are enabling the search for galactic answers.
