Lawful, fair and transparent data processing

The U3A requests personal information from potential members and members for the purpose of sending communications about their involvement with the U3A. The forms used to request personal information will contain a privacy statement informing potential members and members as to why the information is being requested and what the information will be used for. Members will be asked to provide consent for their data to be held and a record of this consent along with member information will be securely held. U3A members will be informed that they can, at any time, remove their consent and will be informed as to who to contact should they wish to do so. When a U3A member requests not to receive certain communications this will be acted upon promptly and the member will be informed as to when the action has been taken.

Processed for Specified, Explicit and Legitimate Purposes

Members will be informed as to how their information will be used and the Committee of the U3A will seek to ensure that member information is not used inappropriately. Appropriate use of information provided by members will include:

- Communicating with members about the U3A's events and activities
- Group leaders communicating with their group members about specific group activities.

The U3A will ensure that group leaders are made aware of what would be considered appropriate and inappropriate communication. Inappropriate communication would include sending U3A members marketing and/or promotional materials from external service providers.

The U3A will ensure that members' information is managed in such a way as to not infringe an individual members rights which include:

- The right to be informed.
- The right of access.
- The right to rectification.
- The right to erasure.
- The right to restrict processing.

Adequate, Relevant and Limited Data Processing

Members of the U3A will only be asked to provide information that is relevant for membership purposes. This will include:

- Name.
- Postal address.
- Email address.
- Telephone number.
- Gift Aid entitlement.

Where additional information may be required, such as health-related information, this will be obtained with the specific consent of the member who will be informed as to why this information is required and the purpose that it will be used for.

Where the U3A organises a trip that requires next of kin information to be provided, the U3A will require the member to gain consent from the identified next of kin. The consent will provide permission for the information to be held for the purpose of supporting and safeguarding the member in question. Were this information to be needed as a one off for a particular trip or event then the information will be deleted once that event or trip has taken place unless it was to be required – with agreement – for a longer purpose. The same would apply to carers who may attend either a one-off event or on an ongoing basis to support a U3A member with the agreement of the U3A.

There may be occasional instances where a member's data needs to be shared with a third party due to an accident or incident involving statutory authorities. Where it is in the best interests of the member or the U3A in these instances where the U3A has a substantiated concern then consent does not have to be sought from the member.

Accuracy of Data and Keeping Data up to Date

The U3A has a responsibility to ensure members' information is kept up to date. Members will be informed to let the Membership Secretary know if any of their personal information changes. In addition, on an annual basis the membership renewal forms will provide an opportunity for members to resubmit their personal information and reconfirm their consent for the U3A to communicate with them.

Accountability and Governance

The U3A Committee is responsible for ensuring that the U3A remains compliant with data protection requirements and can evidence that it has. For this purpose, those from whom data is required will be asked to provide written consent. The evidence of this consent will then be securely held as evidence of compliance. The U3A Committee shall ensure that new members joining the Committee receive an induction into how data protection is managed within the U3A and the reasons for this. Committee Members shall also stay up to date with guidance and practice within the U3A movement and shall seek additional input from the Third Age Trust National Office should any uncertainties arise. The Committee will review data protection and who has access to information on a regular basis as well as reviewing what data is held.

Secure Processing

- Using password protection on laptops and PCs that contain or access personal information.

Subject Access Request

U3A members are entitled to request access to the information that is held by the U3A. The request needs to be received in the form of a written request to the Membership Secretary of the U3A. On receipt of the request, the request will be formally acknowledged and dealt with within 14 days unless there are exceptional circumstances as to why the request cannot be granted. The U3A will provide a written response detailing all information held on the member. A record shall be kept of the date of the request and the date of the response.

Data Breach Notification

Were a data breach to occur, action shall be taken to minimise the harm by ensuring all committee members are aware that a breach had taken place and how the breach had occurred. The committee shall then seek to rectify the cause of the breach as soon as possible to prevent any further breaches. The Chairman of the U3A Committee shall contact National Office within 24 hours of the breach occurring to notify of the breach. A discussion would take place between the Chairman and National Office as to the seriousness of the breach, action to be taken and, where necessary, the Information Commissioner's Office would be notified. The committee shall also contact the relevant U3A members to inform them of the data breach and actions taken to resolve the breach.

If a U3A member contacts the U3A to say that they feel that there has been a breach by the U3A, a committee member will ask the member to provide an outline of their concerns. If the initial contact is by telephone, the committee member will ask the U3A member to follow this up with an email or a letter detailing their concern. The concern will then be investigated by members of the committee who are not in any way implicated in the breach. Where the committee needs support or if the breach is serious they should notify National Office. The U3A member should also be informed that they can report their concerns to National Office if they don't feel satisfied with

the response from the U3A. Breach matters will be subject to a full investigation, records will be kept and all those involved notified of the outcome.
