

DOES GOD EXIST?

In this presentation we will be asking the question, “Does God Exist? One of the most controversial figures arguing against the existence of God is Richard Dawkins. We will be examining his views alongside those of Charles Darwin who was a big influence on Dawkin’s thinking.

We will then move on to examine the arguments for the existence of God, exploring the five classical arguments:

- The Ontological Argument
- The Cosmological Argument
- The Teleological Argument
- The Moral Argument
- The Religious Experience Argument

We will explore in more detail three of these arguments taking into account the views of Anselm, St. Aquinas, Descartes, Leibniz and Bertrand Russell concluding with Pascal’s Wager.
