Theatre and Film Group

The Theatre and Film group have recently been to see films at the Electric Palace in Harwich and also First Site in Colchester (" Allelujah " in which Jennifer Saunders proved to be a very good actress and a beautiful film about the artist " Vermeer "). We have visited the Manifest Theatre in Manningtree, the Mercury Theatre in Colchester, the Headgate in Colchester and will see a musical version of " Brief Encounter " at the Wolsey in Ipswich.

Bookings have already been made for the popular Frinton Summer Theatre that takes place in July/August where we will see a comedy " Barefoot in the Park ", " Ladykillers " (remember the film with Alec Guinness and Peter Sellers ?) and " Don't Dress for Dinner " - a web of marital treachery.

We aim to see one play a month with films included on an ad hoc basis.
