### Data protection principles

The General Data Protection Regulation identifies key data protection principles:

- Principle 1 Personal information shall be processed lawfully, fairly and in a transparent manner.
- Principle 2 Personal information must be collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes; further processing for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes shall not be considered to be incompatible with the initial purposes.
- Principle 3 The collection of personal information must be adequate, relevant and limited to what is necessary in relation to the purposes for which it is processed.
- Principle 4 Personal information held should be accurate and, where necessary kept up to date; every reasonable step must be taken to ensure that personal information that is inaccurate, having regard to the purposes for which it is processed, is erased or rectified without delay.
- Principle 5 Personal information must be kept in a form which permits identification of members for no longer than is necessary; personal information may be stored for longer periods solely for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes subject to implementation of the appropriate technical and organisational measures required by the GDPR in order to safeguard the rights and freedoms of individuals.

- Principle 6 Personal information must be processed in a manner that ensures appropriate security, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

## Lawful, fair and transparent data processing

Stubbington u3a requests personal information from potential members and members for membership applications and for sending communications about their involvement with the u3a.

The forms used to request personal information contain a privacy statement informing potential members and members as to why the information is being requested and what the information will be used for. The lawful basis for obtaining member information is due to the contractual relationship that the u3a has with individual members. In addition members will be asked to provide consent for specific processing purposes. u3a members will be informed as to who they need to contact should they wish for their information not to be used for specific purposes for which they have provided consent. Where these requests are received they will be acted upon promptly and the member will be informed as to when the action has been taken.

Stubbington u3a will provide a written response detailing all information held on the member. A record shall be kept of the date of the request and the date of the response.

## Data Breach Notification

Were a data breach to occur action shall be taken to minimise the harm. This will include ensuring that all Stubbington u3a Committee Members are made aware that a breach has taken place and how the breach occurred. The Committee shall then seek to rectify the cause of the breach as soon as possible to prevent any further breaches. The Chair of the u3a shall contact National Office within 24 hours. A discussion will take place between the Chair and National Office as to the seriousness of the breach, action to be taken and, where necessary, the Information Commissioner's Office would be notified. The Committee shall also contact the relevant u3a members to inform them of the data breach and actions taken to resolve the breach. Where a u3a member feels that there has been a breach by the u3a, a Committee Member will ask the member to provide an outline of the breach. If the initial contact is by telephone, the Committee Member will ask the u3a member to follow this up with an email or a letter detailing their concern.

Members of the Committee who are not in any way implicated in the breach will then investigate the alleged breach. Where the Committee needs support or if the breach is serious they should notify National Office.
