

# Stubbington U3A Multimedia Equipment

Stubbington U3A owns multimedia equipment, which is available for U3A associated activities. The equipment includes a laptop, a projector, a pair of computer speakers and a tabletop screen. There is also a large screen for use in larger venues.

## HD Projector

A high definition projector complete with HDMI or VGA cable. It can be used with any laptop that has an HDMI or VGA socket.

HDMI Socket

VGA Socket

## Laptop

The LENOVO YOGA 500 14" - 2 in 1 has a touch screen and can be used as a conventional laptop or as a tablet. It has software for home entertainment and presentations.

## Screens

The 36 x 24 inches tabletop screen rolls down into the base.

The large screen is 80 x 45 inches and is free standing. It has its own carrying case which is 7 foot long.

## Speakers

These speakers are only 6.5 inches tall but provide excellent sound quality. Connects to any laptop via a USB socket.

Any combination of this equipment can be selected for use by a group. The equipment, except the large screen, will be retained by the last user until it is collected by the next user.

Our Multimedia Equipment Co-ordinator, Chris Adams, keeps a record of the location of each item.

## **To Borrow Equipment**

1. Identify the piece or pieces you need.
2. Call or email Chris Adams to find the location of your selected equipment.
3. Call the current holder and arrange a collection time.
4. After use, retain the equipment until contacted by the next user.
