

Report of visit to ..

The Stevenson Centre, Great Cornard on Wednesday, 26th August 2020

I visited in the company of Anita, Lynn Gray and Wendy Jones (Table Tennis)

We talked to Sarah, the Centre Manageress who showed us the facilities. I had already received their Covid-19-Secure Risk Assessment, which meets all criteria. Face masks are to be worn in all public areas. There is ample free parking.

There are several rooms available for hire ..

Sarah did not give me the availability of each room. She would prefer people to contact her with a definite day/time in mind. Since the onset of the pandemic she has lost several of her regular bookings and some groups will not be returning, she therefore has quite a few slots available at present.

She can be contacted on 01787/373212 councilmanager@greatcornardpc.co.uk

It is my view that this venue could be used by U3A groups without due risk.
