

### Notes From the Chair.

We've got to rather like the idea of afternoon teas so a date for your diaries...we will be holding a pre-Xmas festive tea in the Community Centre, 10<sup>th</sup> December, p.m. with music provided by the Belle Canto ladies trio. Further details to follow on price and ticketing.

Our October speaker Chris Truran is a returnee, his previous talk on fingerprints and DNA proved to be fascinating, we are looking forward to his return.

## October Speaker

Chris Truran

### A Funny Thing Happened On The Way To The Old Bailey

Following his exceptional talk to us last year on Dabs and DNA, Chris Truran returns to regale us with stories of how criminals manage to incriminate themselves.

Chris covers the stupid things that criminals do to get themselves arrested including many anecdotes taken from examinations that Chris made along with other disasters that have befallen them.

It is unbelievable how stupid criminals can be. While Fingerprints and Forensics capture many, there are plenty of times when criminals have brought about their very own downfall.

Very much a light-hearted look at the criminal world.

October's Monthly Meeting is on Thursday 19<sup>th</sup> October in the Community Centre. Doors open 10:45 meeting starts at 11:00.

If there's anybody that you know who would like to join T&D u3a or to get a taster of what we do, then the monthly meeting is ideal place to start so do bring them along.

We still have uncollected new membership cards; you can pick them up at the monthly meeting.

After our plea last month, I'm pleased to say that someone has stepped up to the plate and will be helping with the website migration, many thanks Jim.

Don't forget that you can always contact TandDu3a via email [TandDu3a@gmail.com](mailto:TandDu3a@gmail.com)

The building work at the TCC may look finished but it's not!

**Entrance to the TCC for the monthly meeting is through the double fire doors on the right of the building.**
