## Communications Team

The majority of our communications for the last 10 years have been produced by one person! We are trying to make this task easier by putting together a small **Communications Team** to assist in producing various documents, helping to keep our website up to date and other general communications. If you feel that you could help us send an email to [\*\*TandDu3a@gmail.com\*\*](mailto:TandDu3a@gmail.com) or speak to any committee member.
