Terms of Reference for Help and Discussion Drop-in Sessions on Zoom

This drop-in session is provided with the intention of members coming together to share knowledge, experience and best practice on various aspects of technology, including software, of interest to u3as and their members.

We are unable to offer one-to-one advice to u3as and their members as all locations and abilities differ and operational decisions need to be made by the individual u3as.

Items of equipment or software shown or listed in these sessions are there to give an idea of what is needed and the approximate cost.

It is not to be treated as a recommendation or that it is the only suitable piece of equipment or software.

What you may decide to purchase is for you or your own u3a to choose based on available funds and your own particular needs.

Drones for Good

With the increased usage of Drones in Warfare, how are Drones being used for Good?

Today I'll be presenting 5 videos about how
Drone Technology is being used for Good

1. Rhianna Lakin - Human of the Year
2. Lifeguard Drone Rescue
3. Drone to Home - Dog Search & Rescue Charity
4. Re-seeding Fire Ravaged Forests
5. Rwanda Zipline Drone Medical Deliveries
