

## Frequently asked questions

**Q Who can get help from Remap?**

**A** Anyone! People are often referred by a health professional like an occupational therapist (OT) or physiotherapist (physio), but carers or individuals can contact Remap directly.

It is important to involve health professionals whenever possible to make sure the equipment is going to be suitable.

**Q How do I get help for myself or someone else?**

**A** You, your carer or health professional can contact us directly. Find our details on the back page.

**Q How many people are helped by Remap?**

**A** Remap helps around 4,000 people each year and has been doing this since 1964!

**Q Do you charge for your service?**

**A** No, it is free to you, but we welcome donations, which go towards the cost of materials and volunteers' travel costs.

**Q Do you need volunteers?**

**A** Yes, as well as people to make the equipment, we need volunteers to help with promotion, fundraising and project management.
