

Thornbury U3A Bridge Groups
Military Bridge movement information for 13 teams

<https://bridgeaf.com/bridge-movements-team-events>

On the above website, the following movement was described for 13 teams:

American Whist Movement

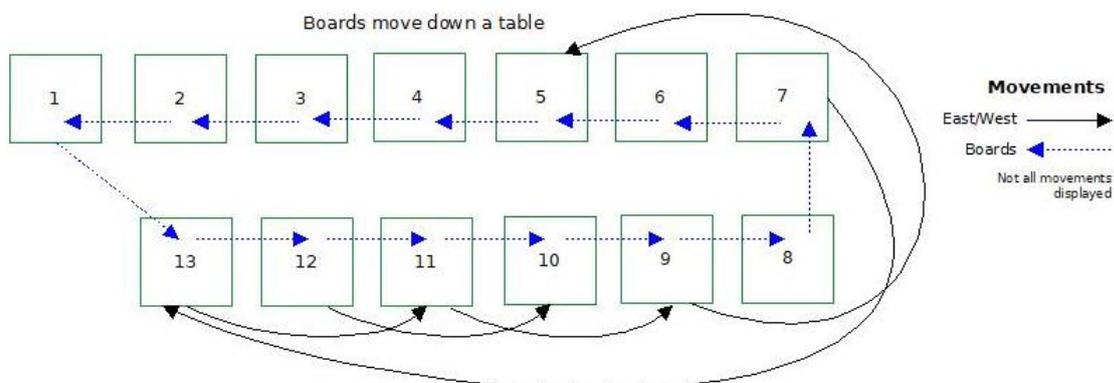

This is the most frequently used type of movement for multiple teams-of-four competitions. The NS pairs remain at their home tables whilst the EW pairs move around the room keeping their same relative positions. Pairs and boards move in the same direction but the EW pairs move at twice the speed of the boards characterised by the instruction from the Technical Director (TD):

“Pairs down two, dropping the boards off one”.

After the first encounter between two teams the boards start their journey from one home table towards the other home table. The EW pair that will play the boards at that second table will have just completed part of another match at a table the same distance behind but, moving at twice the speed of the boards, will arrive with the boards for the second half of the match. The match between the two teams can then be completed.

13 Tables American Whist - 12 Rounds 24 Boards

American Whist movement for 13 tables with 12 rounds. Play 2 boards per set to play 24 boards, 26 boards required. East/West pairs start by moving up 6 tables. Then East/West move down 2 tables. At round 4 East/West reach their home table so they move down 4 tables. Boards are passed down one table for each round including the first round, apart from at round 4 when they skip a table.

The pages below show the 13 movement cards, one for each table, followed by suggested text of what the Technical Director can say before play starts, and the round-by-round listing of who is where and what boards they are playing.

Boards move to Table 12 except after round 3 when they skip to Table 11

Military Bridge event - suggested text of what the Technical Director might say in advance

To start with, teams will be numbered 1 to 13 and should sit at their numbered table.

The movement we are using is called an American Whist movement. It is designed so that a NS pair from team A plays a set of boards against the EW pair of team B and, later in the session, the EW pair from team A plays the same set of boards against the NS pair from team B. This works throughout the movement for all pairings thus allowing a direct comparison of team scores. With 13 teams, each team will play 2-board matches against all of the other 12 teams in an event lasting 24 boards i.e. there are twelve 2-board rounds – 6 rounds before lunch and 6 after lunch.

The NS pairs will stay in the same seats throughout the play, while the EW members of the team will do a double circuit of the room. They will start 6 tables up from their home location e.g. EW pair 1 will start on the table hosted by NS pair 7 and EW pair 8 will start on the table hosted by NS pair 1 (count from 8 i.e. 9-10-11-12-13-1) (imagine the numbering of the tables mean they form a circle with 13 and 1 adjacent to each other).

At the end of each 2-board round, **the EW pairs will move down 2 tables** e.g. if EW are on table 7 they move down to table 5, if EW are on table 2 they move down to table 13. If you are following me, you will realise that, after three rounds, each EW pair would end back with their team-mates, so at that point (the end of round 3) they need to do a double skip and move back four tables instead of two. **The boards normally move down 1 table**, but after round 3, they need to move down 2 tables so that you don't play the same cards twice!

We are running to a timetable of course. We plan to run the morning play session from 10:30 to 12:00, with six 2-board rounds of 15 minutes. 15 minutes is ample for 2 boards; slow play at one table can make life difficult for all of the other 12 tables, with knock-on delays from one table to another and players who are not slow can end up being penalised when it's not their fault. So please make every effort to keep to the timetable. I will ask for pairs to move at the allotted time, even if some tables haven't finished. This means that, even allowing for a brief run overtime to finish, a slow table might not play their second board or not be able to finish their second board if they have not got far enough with playing it. I reserve the right to make a judgement on the result should this happen, at my sole discretion. I'm sorry if this sounds harsh, but with so many tables, it's essential we all try to run to time. The afternoon session of 6 rounds will run from 13:30 to 15:00. Please sit down at the right table after lunch at 13:25 to allow for a prompt start.

Each table has a movement card which tells you which pair you should be playing on each round, and which boards you should be using. It is North's job to check this is correct when new players arrive. The movement card also tells EW where to go at the end of the round, and where the boards should move to.

Teams: 13 table American Whist movement – Rounds 1-4
