

Help Needed

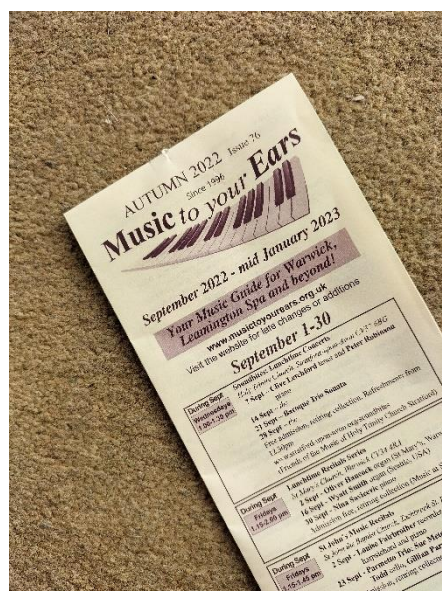

The Music to your Ears diary has been published 3 times per year since 1996. It is the must-have listing for all orchestral and choral concerts that are performed in the Warwick area and surrounding towns and villages. 7000 diaries are printed every four months and are distributed widely throughout the district by an army of volunteers to schools, libraries, information centres etc.

The latest diary is also available on the website <https://www.musictoyourears.org.uk>

The diary is produced by the Steering Group from the Warwick District Music Promoters Forum. Due to retirements and other reasons the Steering Group is in urgent need of additional volunteers to enable the diary to continue to be produced and distributed. **Help is needed in two specific areas:**

- **Website Maintenance.**
This involves getting the new diary on to the website every four months, and updating the website with late entries and amendments when they are notified. Maintaining the Google Group of people who are notified when a new diary is available.
- **Distribution Manager**
Maintaining the spreadsheet of distributors and distribution locations. Seeking out new locations. Organising 'Stuffing Day' when the batches of MTYE are given to the distributors and envelopes are stuffed for the postal recipients.

If you would like to know more about what is involved please contact the chairman of the steering group Jo Tucker, mtye.music@gmail.com or ring 07967 711176.

Without additional help there is a serious danger that MTYE will have to cease production and will no longer provide its valuable service to music lovers throughout the district.
