

This is a list of venues that may be useful to group leaders looking for somewhere to hold meetings.

The details below have come from various sources at different times and are not guaranteed to be up to date. However, the compilation of the later entries was less rigorous than before, due to finding www.hallshire.com which is an excellent resource and you may wish to start your search there - using "Royal Leamington Spa" as the argument. Note that many pubs not mentioned here will also hire out rooms. If you have any updates, please send them to a member of the committee.
