

1st September 2023 Meeting notes

The main focus was on the November “Groups Showcase” Meeting (See below).

We planned what to have on the group’s board as below.

We also decided to move on to a new topic from November – **Home Warmth and Energy Use.**

November “Groups Showcase” Meeting

10 minutes Quiz-Activity

- 3 of us wear a green, black or blue apron to represent each of the 3 bins (annotate as “household waste”, “paper recycling” and “recycling”).
- The MC asks for a vote of hands for each object to decide where to put it.
- Each item goes where the where majority vote.
- Then the MC reveals whether the correct choice was made and briefly adds any useful info. At the end emphasise the problem of contamination in the recycling and household waste goes to an Energy From Waste facility.

Item	Green	Blue	Black	Other	Who
1. Glittery Card	Glittery part	Plain card			Chris
2. Bread Bag	✓			Supermarket	Joan
3. Used Pizza Box	contaminated part	Clean part			Helen
4. Pringles Tube	Tube	Plastic top			Chris
5. Toothpaste Tube	✓				Helen
6. Magazine with Glossy Cover			✓		Joan
7. Plastic Bottle (with Top)		✓			Tania
8. Dirty Plastic Container (e.g. Coleslaw)	if dirty	if cleaned			Joan
