

WELLS u3a SAFEGUARDING POLICY & PROCEDURE

Policy Statement.

This Policy and Procedure is written to enable Wells u3a committee to address issues where there are safeguarding concerns.

Safeguarding against abuse or neglect includes both incidents between members and anything that a member may be experiencing outside the u3a, e.g. in the home of a carer, family member or friend.

Wells u3a has a duty of care to its members but does not hold any statutory authority.

Where abuse or neglect is suspected Wells u3a will aim to respond to the situation in a way which is caring, effective and enabling.

Wells u3a also recognises that there are various forms of abuse and neglect which can be perpetrated by volunteers, members, relatives, friends and neighbours. Wells u3a acknowledges that the reasons for abuse and neglect occurring may not be fully understood and vary with each incident, often dependant on risk factors.

Wells u3a will neither condone nor tolerate any form of abuse or neglect and believes that all people should be able, and where necessary enabled, to live in an environment which is safe.

In all situations Wells u3a believes that everyone is entitled to ;

- privacy.
- be treated with dignity and respect.
- lead an independent life and be enabled to do so.
- choose how they live their lives.
- the protection of law.
- have their human and civil rights upheld regardless of ethnic origin, gender, sexuality, impairment or disability, age, religious or cultural background.

It is not appropriate for Wells u3a to take the lead role in any Safeguarding Enquiry under Section 42 of the Care Act 2014, but should refer this to Advice and Volunteer Manager in National Office who will contact the appropriate local authority.

Procedure

1. Wells u3a recognises that it has a responsibility to ensure that its committee and group leaders understand this policy.
2. Wells u3a will support the alleged victims and the alleged perpetrators of any abuse, as well as any volunteer who becomes aware of the abuse in so far as this does not compromise any Safeguarding enquiry or investigation into the allegation or place others at risk.
3. While Wells u3a will make every effort to respect the confidentiality of any information that is disclosed under this Policy and Procedure, this

cannot be guaranteed. Information will be recorded and stored securely in accordance with GDPR 2019, but confidentiality is not absolute and information may have to be shared, on a need-to-know basis only to prevent:

- Danger to a person's life.
- Danger to a person's health.
- Danger to others.
- Danger to the community.
- Or to prevent or to facilitate the investigation of a serious crime.

Course of Action

- If the Committee becomes aware of possible or actual abuse or neglect, it should ensure that the safety of the adult at risk is secured as a first priority.
- Any Committee member who becomes aware of possible or actual abuse should, as soon as possible, record details of the abuse and advise the rest of the Committee. If thought to be necessary either the Chair or an Officer should seek further guidance from the Advice and Volunteer Manager at National Office who will provide further assistance.
- The Committee, having been advised of the possible or actual abuse, should satisfy themselves that the adult at risk is safe, and that the alleged perpetrator, if known, does not pose a threat to any other adult at risk.
- The Committee, working with the Advice and Volunteer Manager at National Office will decide whether or not to refer the possible actual abuse to the local authority and/or the Police. When a crime may have been committed, the Police must be contacted as soon as possible. If the decision is to not refer, the reasons for this must be recorded.
- As far as possible, the adult at risk's wishes will be respected as to whether or not to refer any concerns to the Local Authority as a Safeguarding Enquiry under Section 42 of the Care Act 2014. However, it may be necessary to override these in the best interests of other adults at risk.
- A risk assessment should be developed as soon as possible.
- In developing the risk assessment, the Committee will consider the level of risk and the action that needs to be taken accordingly. Assessment of risk will include:
 - a) Risk to the individual.
 - b) Risk to other members within u3a.
 - c) Reputational risk for the individual u3a and the u3a movement as a whole.
- Once the risk assessment is completed, the committee will decide as to the most appropriate course of action. This could include excluding

members from certain groups, eg. groups held in peoples homes or excluding a member from a group run by a particular group leader.

- Depending on the nature of the allegation it may be necessary to pursue the incident following the u3a's complaints, disciplinary or grievance procedure.
- All actions taken will be recorded. Any records will remain confidential unless a prior decision has been taken to share the record with the relevant statutory bodies.
