

Good Morning everyone, welcome back to our Main Meetings, I trust you have enjoyed your summer break although I know a few groups continued to meet during August. We have some new members here today so please make them feel very welcome and help to show them where things are.

May I remind you that should we need to evacuate the building there are three exits, the main door, through the Centre and another door on your right of the main altar in the chancel. The assembly points are the side of the lytch gate that you signed in.

Your membership forms will be emailed out just before the October Main Meeting and we will have printed copies for those who are not on email these will be available at the October Main meeting. All you have to do is pay your subscription, however, if your details have changed please reply in the normal way stating the changes.

The August Coffee Morning, was a very successful event with some lovely displays from the groups. Thank you to all the convenors who arranged these. As you will see in this month's newsletter I am requesting any photographs that were taken of the displays to be put on your Group's page on the website. If you are unable to do so yourself, please send them to me and I will do it for you.

This meeting was well attended by prospective members and although we expected to give out some coffee cups a lot more were needed by our members than in the previous two months. This is why we sent out an email reminding you all to bring a recyclable cup.

Please remember to speak to our treasurer before arranging a visit for your group. The Nominations for the committee 2019-2020 must be in by the 15<sup>th</sup> September.

In October we will have Tony Earle with a presentation about The London Underground.

The signing up lists for walks and visits are all in the chancel or Lady Chapel so please do go and see what is available. At the Groups' Board you might like to tell the Group Co-ordinators of a group that you would like to help with or join, Linda and Liz are always willing to follow up suggestions. Perhaps you might have a general suggestion or comment to make about Wendover U3A, please add it to the **Parking Lot** by using the Post Its provided. Your committee will always follow these comments up.

The Travel Team holiday in June 2020 to Keswick in Cumbria is currently full but I am seeking more rooms as it sold out within the first few days. Please add your name to the waiting list if you wish to go.

Please may I remind to put your cup on the table and remove your hands whilst the water is being poured into your cup and then to move away from the serving tables as soon as possible. Thank you.
