Our walks generally cover 2 to 3 miles and take about 1-1.5 hrs. They are fairly flat and avoid steep climbs and awkward stiles.
Please remember to sign up for walks in advance, during Covid Restrictions with the Convenor, but normally either at the Monthly Meeting or by phoning the Walk Leader.

Tip

If you are want to use a word document that is already typed as a table, convert it to text first and then copy and paste it onto your page. Now add the commas to recreate a table.

Text Formatting Instructions

19. To make a bold centered heading, surround a complete line with "curly" brackets. For

instance, entering: Will produce this. Both brackets must be present, and appear right at the beginning and end of the line.

About the u3a

20. Tabulated Information

To insert some tabulated information, enter a series of lines in which the table elements are separated by *two commas*. For instance, entering these details, followed by an empty line, will produce this:

```
Official,,Name,,Telephone
Chairman,,John Brown,,01234-5678
Secretary,,Fred Smith,,09876-54321
Treasurer,,Mary Jones,,13579-08642
```

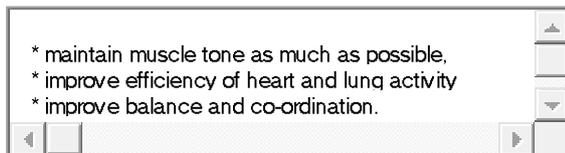

Official	Name	Telephone
Chairman	John Brown	01234-5678
Secretary	Fred Smith	09876-54321
Treasurer	Mary Jones	13579-08642

The table will be centred, and surrounded by light border but no colour.

Most pages are set up with the meeting information in a table. This does not work if there is a lot of information to be put into some cells, it makes the table very unbalanced.

21. Bulleted lists

To make a bulleted list, enter a series of lines with a single asterisk at the start. For instance, entering this, followed by an empty line, will produce:

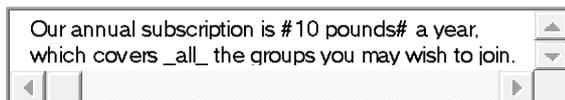

```
* maintain muscle tone as much as possible,
* improve efficiency of heart and lung activity
* improve balance and co-ordination.
```

- maintain muscle tone as much as possible,
- improve efficiency of heart and lung activity,
- improve balance and co-ordination.

22. Fonts

Part of your text may be put into **bold** or *italic* format.

Bold text is surrounded by # (hash) symbols and italic text by _ (underline) symbols. For instance, entering this: will produce:

```
Our annual subscription is #10 pounds# a year,
which covers _all_ the groups you may wish to join.
```

Our annual subscription is **10 pounds** a year, which covers *all* the groups you may wish to join.

23. Inline links these are more complicated please contact the Webmaster from the Contact Page, for help with this.

Two of the formatting symbols are always needed to do the trick — single hashes or underlines appear as themselves.
