

And the winner of the U3A-vision Song Contest is Wessington U3A written by Lynn Anderson...

A man went walking with his dog along the River Wear

He saw a group just like him and he gave a mighty cheer....hurrah!

No longer need he sit at home and be lonely day on day, the group he had stumbled across were the WEARU3A.

*Wisht lads had ya gobs I'll tell yez all a canny story

*Wisht lads had ya gobs I'll tell ya 'boot the U3A!

He walked with them until they stopped chatting all the way

He'd made new pals and thought 'Why man...what a great start to the day!'
